PIPAC SHOWCASE OCTOBER 30, 2026

**REGER – ORIGINAL DEVELOPER OF PIPAC TECHNOLOGY
MORE THAN 20,000 CLINICAL APPLICATIONS WORLDWIDE**

GERMAN PIPAC CENTER – EVK HERNE

ABOUT THIS SHOWCASE

As a participant of the PIPAC Showcase at the German PIPAC Center, EVK Herne, on October 30, you will be able to observe six to nine (expected not granted) live-surgeries of the Pressurized Intraperitoneal Aerosol Chemotherapy (PIPAC).

The live surgeries will be led and carried out by Prof. Dr. med. Jürgen Zieren, a world-wide leading expert in the field of PIPAC and Co-Developer of the PIPAC treatment.

ABOUT THE HOST INSTITUTION

The German PIPAC Center, founded in 2025, represents one of the leading PIPAC networks in Germany and is at the forefront of innovation in the treatment of peritoneal surface malignancies. Led by Prof. Dr. Jürgen Zieren, the center has accumulated experience from more than 2,500 PIPAC procedures, making it one of the most experienced PIPAC programs in Europe.

The Evangelisches Krankenhaus Herne, home of the German PIPAC Center, is part of the EVA Ruhr network, one of the largest Protestant networks for health and social services in Germany, and represents a leading center for advanced visceral and oncologic surgery.
